

# Responsive Design With Progressive Enhancement

## Iteration 1 - No CSS

Layout with NO CSS at all.

Logo is 75x75 SVG

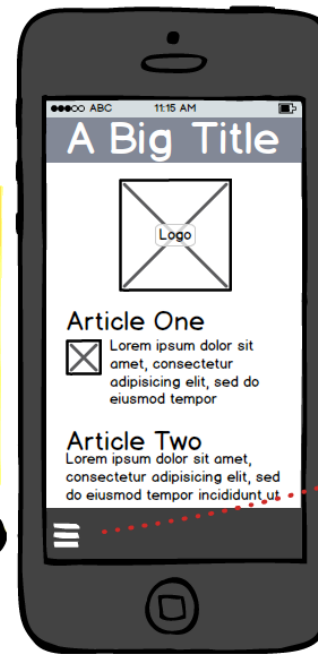

Nav list items scroll page to articles.

## Iteration 2 - Mobile (Small)

Layout with CSS  
Logo is 100x100 but same SVG  
Logo and articles scroll  
Title at top does not scroll  
Menu bar at bottom does not scroll  
Menu icon toggles nav menu  
(Extra credit: swipe right reveals nav menu)

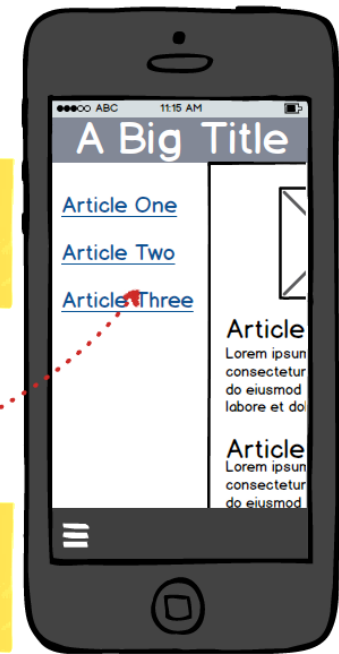

Does not scroll

Does not scroll

Content moves to the right and appears to be above nav menu

Provide an alternate nav menu strategy if javascript is not enabled.

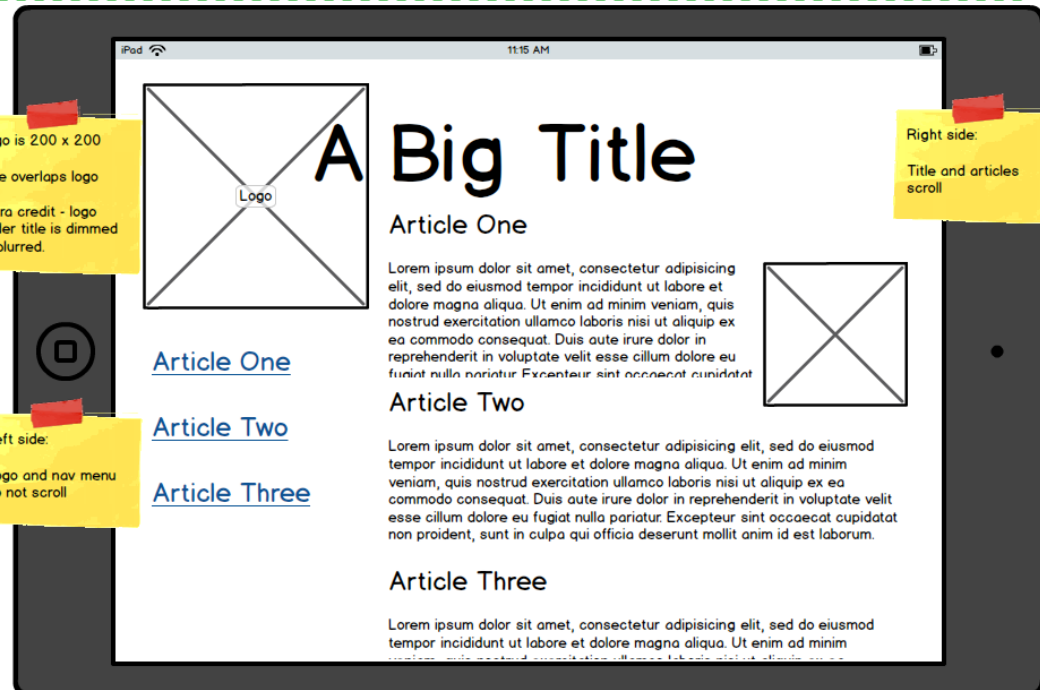

## Iteration 3 - Mobile (Small) and Mobile (Medium)

Logo is 200 x 200  
Title overlaps logo  
Extra credit - logo under title is dimmed or blurred.

Left side:

Logo and nav menu do not scroll

Right side:

Title and articles scroll
